Moby Max is a web-based curriculum used in classrooms. Moby Max is tailored to your child's individual needs. Moby's features include:

- Placement tests that accurately identify where your child excels, and where his or her "missing skills" are
- Targeted instruction to "fill in" those missing skills
- Systematic review sessions that ensure that your child retains 100% of what he or she has learned

Best of all, your child can access Moby from your home computer at any time.

Login steps for students:

1. Sign in to Clever

2. Find the Green Moby Max icon

Once logged in, your child will immediately start the lessons and begin improving his or her missing skills.
