

■ PREPARTICIPATION PHYSICAL EVALUATION

HISTORY FORM

Note: Complete and sign this form (with your parents if younger than 18) before your appointment.

Name: _____ Date of birth: _____

Date of examination: _____ Sport(s): _____

Sex assigned at birth (F, M, or intersex): _____ How do you identify your gender? (F, M, or other): _____

List past and current medical conditions. _____

 Have you ever had surgery? If yes, list all past surgical procedures. _____

 Medicines and supplements: List all current prescriptions, over-the-counter medicines, and supplements (herbal and nutritional).

 Do you have any allergies? If yes, please list all your allergies (ie, medicines, pollens, food, stinging insects).

Patient Health Questionnaire Version 4 (PHQ-4)
 Over the last 2 weeks, how often have you been bothered by any of the following problems? (check box next to appropriate number)

	Not at all	Several days	Over half the days	Nearly every day
Feeling nervous, anxious, or on edge	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Not being able to stop or control worrying	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Little interest or pleasure in doing things	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3
Feeling down, depressed, or hopeless	<input type="checkbox"/> 0	<input type="checkbox"/> 1	<input type="checkbox"/> 2	<input type="checkbox"/> 3

(A sum of ≥ 3 is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

GENERAL QUESTIONS (Explain "Yes" answers at the end of this form. Circle questions if you don't know the answer.)	Yes	No
1. Do you have any concerns that you would like to discuss with your provider?	<input type="checkbox"/>	<input type="checkbox"/>
2. Has a provider ever denied or restricted your participation in sports for any reason?	<input type="checkbox"/>	<input type="checkbox"/>
3. Do you have any ongoing medical issues or recent illness?	<input type="checkbox"/>	<input type="checkbox"/>
HEART HEALTH QUESTIONS ABOUT YOU	Yes	No
4. Have you ever passed out or nearly passed out during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>
5. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
6. Does your heart ever race, flutter in your chest, or skip beats (irregular beats) during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
7. Has a doctor ever told you that you have any heart problems?	<input type="checkbox"/>	<input type="checkbox"/>
8. Has a doctor ever requested a test for your heart? For example, electrocardiography (ECG) or echocardiography.	<input type="checkbox"/>	<input type="checkbox"/>

HEART HEALTH QUESTIONS ABOUT YOU (CONTINUED)	Yes	No
9. Do you get light-headed or feel shorter of breath than your friends during exercise?	<input type="checkbox"/>	<input type="checkbox"/>
10. Have you ever had a seizure?	<input type="checkbox"/>	<input type="checkbox"/>
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY	Yes	No
11. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 35 years (including drowning or unexplained car crash)?	<input type="checkbox"/>	<input type="checkbox"/>
12. Does anyone in your family have a genetic heart problem such as hypertrophic cardiomyopathy (HCM), Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy (ARVC), long QT syndrome (LQTS), short QT syndrome (SQTS), Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia (CPVT)?	<input type="checkbox"/>	<input type="checkbox"/>
13. Has anyone in your family had a pacemaker or an implanted defibrillator before age 35?	<input type="checkbox"/>	<input type="checkbox"/>

BONE AND JOINT QUESTIONS		Yes	No
14.	Have you ever had a stress fracture or an injury to a bone, muscle, ligament, joint, or tendon that caused you to miss a practice or game?	<input type="checkbox"/>	<input type="checkbox"/>
15.	Do you have a bone, muscle, ligament, or joint injury that bothers you?	<input type="checkbox"/>	<input type="checkbox"/>
MEDICAL QUESTIONS		Yes	No
16.	Do you cough, wheeze, or have difficulty breathing during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>
17.	Are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?	<input type="checkbox"/>	<input type="checkbox"/>
18.	Do you have groin or testicle pain or a painful bulge or hernia in the groin area?	<input type="checkbox"/>	<input type="checkbox"/>
19.	Do you have any recurring skin rashes or rashes that come and go, including herpes or methicillin-resistant <i>Staphylococcus aureus</i> (MRSA)?	<input type="checkbox"/>	<input type="checkbox"/>
20.	Have you had a concussion or head injury that caused confusion, a prolonged headache, or memory problems?	<input type="checkbox"/>	<input type="checkbox"/>
21.	Have you ever had numbness, had tingling, had weakness in your arms or legs, or been unable to move your arms or legs after being hit or falling?	<input type="checkbox"/>	<input type="checkbox"/>
22.	Have you ever become ill while exercising in the heat?	<input type="checkbox"/>	<input type="checkbox"/>
23.	Do you or does someone in your family have sickle cell trait or disease?	<input type="checkbox"/>	<input type="checkbox"/>
24.	Have you ever had or do you have any problems with your eyes or vision?	<input type="checkbox"/>	<input type="checkbox"/>

MEDICAL QUESTIONS (CONTINUED)		Yes	No
25.	Do you worry about your weight?	<input type="checkbox"/>	<input type="checkbox"/>
26.	Are you trying to or has anyone recommended that you gain or lose weight?	<input type="checkbox"/>	<input type="checkbox"/>
27.	Are you on a special diet or do you avoid certain types of foods or food groups?	<input type="checkbox"/>	<input type="checkbox"/>
28.	Have you ever had an eating disorder?	<input type="checkbox"/>	<input type="checkbox"/>
FEMALES ONLY		Yes	No
29.	Have you ever had a menstrual period?	<input type="checkbox"/>	<input type="checkbox"/>
30.	How old were you when you had your first menstrual period?		
31.	When was your most recent menstrual period?		
32.	How many periods have you had in the past 12 months?		

Explain "Yes" answers here.

I hereby state that, to the best of my knowledge, my answers to the questions on this form are complete and correct.

PHYSICIAN REMINDERS

- Consider additional questions on more-sensitive issues.
 - Do you feel stressed out or under a lot of pressure?
 - Do you ever feel sad, hopeless, depressed, or anxious?
 - Do you feel safe at your home or residence?
 - Have you ever tried cigarettes, e-cigarettes, chewing tobacco, snuff, or dip?
 - During the past 30 days, did you use chewing tobacco, snuff, or dip?
 - Do you drink alcohol or use any other drugs?
 - Have you ever taken anabolic steroids or used any other performance-enhancing supplement?
 - Have you ever taken any supplements to help you gain or lose weight or improve your performance?
 - Do you wear a seat belt, use a helmet, and use condoms?
- Consider reviewing questions on cardiovascular symptoms (Q4–Q13 of History Form).

PREPARTICIPATION PHYSICAL EVALUATION

MEDICAL ELIGIBILITY FORM

Name: _____ Date of birth: _____

- Medically eligible for all sports without restriction
- Medically eligible for all sports without restriction with recommendations for further evaluation or treatment of

- Medically eligible for certain sports

- Not medically eligible pending further evaluation

- Not medically eligible for any sports

Recommendations: _____

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

INITIAL EACH OF THE FOLLOWING CONSENT STATEMENTS TO SHOW THAT THE STATEMENT HAS BEEN READ, UNDERSTOOD, AND AGREED UPON

	I consent to have my son/daughter represent his/her school in approved activities except those excluded by the examining physician.
	I grant permission for my son/daughter to accompany any school team of which he/she is a member on all approved trips. He/she will be transported to/from all events in school-approved vehicles. Parents wishing to have their child with them when returning from an event must make arrangements with the coach.
	In the event of an emergency or injury requiring medical attention, I expect every reasonable attempt to be made to contact me. In case I cannot be reached, I grant permission for any immediate treatment deemed necessary by the attending physician, and agree to transport of my child to a medical facility. This authorization does not cover major surgery unless formally decreed prior to surgery by at least two licensed physicians or dentists.
	I agree not to hold the school or anyone acting on its behalf responsible for any injury occurring to my child in the proper course of athletic activities or travel to/from events of the team.
	I acknowledge and accept that there are risks of physical injury involved in athletic participation which may result in injury, serious injury, permanent paralysis, mental disability, and/or death.
	I consent to the release of any medical information that the school is aware of for the treatment of my child who may be injured, including to agents or contracted providers of the school, including but not limited to therapists and athletic trainers.

Georgia High School Association Student/Parent Concussion Awareness Form

CARTERSVILLE HIGH SCHOOL

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor "ding" to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial - that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give Cartersville High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2020-2021 school year. This form will be stored with the athletic physical form and other accompanying forms required by the Cartersville City School System.

I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.

Georgia High School Association

Student/Parent Sudden Cardiac Arrest Awareness Form

CARTERSVILLE HIGH SCHOOL

1: Learn the Early Warning Signs

If you or your child has had one or more of these signs, see your primary care physician:

- Fainting suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones
- Unusual chest pain or shortness of breath during exercise
- Family members who had sudden, unexplained and unexpected death before age 50
- Family members who have been diagnosed with a condition that can cause sudden cardiac death, such as hypertrophic cardiomyopathy (HCM) or Long QT syndrome
- A seizure suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones

2: Learn to Recognize Sudden Cardiac Arrest

If you see someone collapse, assume he has experienced sudden cardiac arrest and respond quickly. This victim will be unresponsive, gasping or not breathing normally, and may have some jerking (Seizure like activity). Send for help and start CPI. You cannot hurt him.

3: Learn Hands-Only CPR

Effective CPR saves lives by circulating blood to the brain and other vital organs until rescue teams arrive. It is one of the most important life skills you can learn – and it's easier than ever.

- Call 911 (or ask bystanders to call 911 and get an AED)
- Push hard and fast in the center of the chest. Kneel at the victim's side, place your hands on the lower half of the breastbone, one on top of the other, elbows straight and locked. Push down 2 inches, then up 2 inches, at a rate of 10 times/minute, to the beat of the song "Stayin' Alive."
- If an Automated External Defibrillator (AED) is available, open it and follow the voice prompts. It will lead you step-by-step through the process, and will never shock a victim that does not need a shock.

By signing this sudden cardiac arrest form, I give Cartersville High School permission to transfer this sudden cardiac arrest form to the other sports that my child may play. I am aware of the dangers of sudden cardiac arrest and the signed sudden cardiac arrest form will represent myself and my child during the 2020-2021 school year. This form will be stored with the athletic physical form and other accompanying forms required by the Cartersville City School System.
