	<u>AGENDA ITEM</u>	<u>SPEAKER:</u>	<u>TIME</u>
I.	Welcome, Pledge of Allegiance, Refreshments	Charissa Pritchett	7:00-7:06
II.	Secretary's Report	Callie Palmer	7:06-7:10
III.	College and Career Readiness Performance Index (CCRPI)	Ken	7:10-7:19

What makes up CCRPI

GMAS scores is the first component.

CCRT Benchmark 800 was low. GMAS level 2 possibly higher than 800.

Level 1 don't want any kids in this level

Level 2 ok to have students here but really prefer not

Level 3 we want the students to be in level 3

We did drop in GMAS score last year.

Growth is the second component, this is the hard one. We didn't get the results until 2 weeks ago. Scores are put together if they have the same score, then they give the test and the students with the lowest score are given a particular growth model. Until they take the test and put them in a big bubble we really can't give them a particular growth goal.

Attendance is the third main component. You compare your attendance to the 3 benchmark scores in the state.

Murphy: Do they share the measure of central tendency with you? Not sure

Do they give you best practices of other schools? We are always looking to improve. Are the top students are dropping, bottom students are dropping, or somewhere in the middle. Definitely in the middle.

IV. School Hours

Ken
Barbara Terry
Beth Parker

7:19-7:31

Charissa and Barbara were asked to meet with the school advisory committee.

We are expecting Cartersville to grow.

The new starting times are a smart move financially. 7:30 – 3:30 proposal for CMS times.

We can run this school on a 7 hour day. The research shows the older kids should have the later start times. The primary school preferred the early start times. We will lose 20 minutes with the new schedule if approved.

CPS 730 to 220

CES 730 to 230

CMS 830 to 330

CHS 830 to 345

Needs to be discussion with the parents, but the money spent on busses needs to be fixed.
